## EMMERSON IS 2 TO 1 VICTOR OVER SMALL McDonough, Jackson and Lyons Are Nominees

### SWIFT DEFEATED; RAY PADDOCK IS SENATE CHOICE

#### Lake County Nominates Two Representative Candidates

(ELECTION DETAILS ON PAGE 7)

For the first time in the history of the Eighth Senatorial District, two Lake county men, Lee McDonough, owner of a plumbing establishment in Waukegan and Richard J. Lyons, a realtor of Mundelein, were nominated Tuesday by the Republican party for representative in the general assembly. The other winner in the Republican primary is N. L. Jackson of Boone county, a member of the state legislature, for a number of years.

Senator Rodney B. Swift of Highland Park, who has represented the Eighth Senatorial District in the senate for the past 12 years was defeated in the race for re-nomination by Ray Paddock of Waukegan, a former member and twice chairman of the Lake county board of supervisors. Paddock defeated Swift in the district by 445 votes.

#### McDonough Leads

In the race for representatives, McDonough led the field with a total vote of 25,940; Jackson was second with a vote of 18,645; and Lyons was the third nominee with a vote of 14,450. Lyons ran 284 votes ahead of Charles H. Francis of McHenry county, a former representative. Roy Stewart of McHenry, who served the district as representative for the past four years, ran sixth in the primary, his vote being 12,299. The total votes of the nine legislative candidates follow:

McDonough—25,940;  
Jackson—18,645;  
Lyons—14,450;  
Francis—14,165;  
Carroll—13,458;  
Stewart—12,299;  
Noll—8,925;  
Frett—6,850;  
Jensen—3,748.

The vote of the nine candidates in each of the three counties in the district follows:

In the race for state senator, Paddock carried the counties of Lake and Boone and Swift carried McHenry county. Paddock's majority in Lake county was 1409. Paddock received 84 more votes in Boone county than Swift while in McHenry county Swift won out over Paddock by 1653 votes.

The vote of Swift and Paddock in the three counties follows:

	Lake	McHenry	Boone
Swift	9,872	4,962	1,909
Paddock	11,351	3,904	1,994

### Russell Wins as Co. Surveyor Over Three Opponents

Charles Russell of Lake Forest, county surveyor for the past 16 years, was re-nominated Tuesday in a hotly contested race with three opponents. He finished with 4,420 votes ahead of Ben P. Thacker who ran second in the surveyor race. His total vote was 9,677 while the aggregated vote of the three opponents was 10,555. Russell obtained the vote of Zion with a comfortable majority from Lake Forest and Highland Park. Amstutz ran third and Frank Geraghty fourth.

EVANSTON — Voters of Evanston Tuesday approved three bond issues, totaling \$175,000, but they rejected the proposition for an annual day of observance for a municipal band.

### RECEIVES GREATEST LAKE COUNTY VOTE

William J. Stratton

Receiving the greatest vote ever polled for a candidate in Lake county, Stratton was victorious over his three opponents for the Republican nomination for secretary of state at the Tuesday primaries. This is the first time a Lake county man has won a nomination of the state ticket.

### FATHER-SON BANQUET IS ATTENDED BY 100 AT LOCAL SCHOOL

#### Glover, Editor of Hoard's Dairyman, Speaker of Evening.

One hundred dads and sons sat down at a banquet served by the girls of the Home Economics Department of the Antioch Township High School. The occasion was the fifth annual father and son banquet held under the auspices of the Antioch High School Agriculture club. The boys registered in the department of Agriculture and their dads were the privileged participants. A few other boys and alumni were present.

Community singing was ably led by Rev. A. M. Kral. Principal L. O. Bright sang several solos, accompanied by Miss Ilce on the piano.

C. L. Kutt, Agriculture instructor acted as toastmaster. In giving a review of the past year's work, he mentioned the work that the boys have done in the way of improving livestock on the farm. More interest has been taken this past year than at any time in the past. Among other accomplishments, he commended the boys for their good work in judging livestock at the Sectional and State contests and presented awards to the following: Harlan Craft, Lloyd Atwell, Roy McNeil, Gordon Martin, Donald Crenin, Philip Simpson, Harold Kennedy, Elmer Mounier, Elmer Barthel, Wm. Schwenk, Ward Edwards, Harry Johnson, Jasper McCormick, and Morris Brown.

Mayor S. E. Pollock spoke of the improvement in Agriculture and what it has meant to Antioch. The work of the school should be reflected in the community, and he claimed that that was the case in our community.

#### David White Honored

David M. White, pioneer resident, one of the organizers of the Lake County Farm Bureau and its first president was awarded a certificate of recognition for the services he has given in the interests of better agriculture. The late John A. Thain was honored last year. H. G. Gilkerson, Farm Bureau agent discussed 4 H Club Work.

### Taylor Nominated for Coroner; Conrad Is Second In Race

Dr. John L. Taylor of Libertyville, who has served as coroner of Lake county for 28 years, was elected to his fifteenth term in office at the primaries Tuesday.

Edward Conrad, his closest opponent, of Waukegan, was second in the race, with Norton E. Flood, also of Waukegan receiving the third highest total of votes, for this important office.

Since 1900 Dr. Taylor has been the incumbent, succeeding F. C. Knight who had held the office two terms. According to returns that are yet incomplete Dr. Taylor obtained a majority of 2000 votes in Zion alone.

#### WINDOW AT WEBB'S STORE COMPLETED THIS WEEK

The display windows in the store of Chase Webb's department store are being enclosed and completed this week. Mr. Sibley and Son are the carpenters in charge of the work.

was the main speaker of the evening. He told the boys that the only secret of success was that the boys should choose a job that he likes and that he can perform. "It is of no use to work at a job we like but cannot do," said Mr. Glover. He told the dads not to "send" their children to college but rather let them get the contacts with the world first and when they have found out what they like to do and have found out whether they can do it or not, then let them "go" to college if they prefer. Mr. Glover predicted better days for Agriculture and told the boys that if they like the work and can do the farm work, they should prepare for it then in order to insure for themselves a better success.

### "NO WHITE WAY, NO PAY"—SLOGAN OF INDEPENDENTS

#### Business Tax Fund Has Been Perverted, Say Candidates

Claiming that funds derived from the business tax have been perverted to another use than for which originally intended, candidates for village trustees on the Independent ticket have adopted as a campaign slogan—"Repeal the Business Tax."

In 1926 the business tax ordinance was passed at the request of the business interests of the village for the purpose of financing a "White Way" for the business section of the town, but when board members failed to call for bids on installation in 1927, because of \$661.00 which was to be assessed against taxpayers of the village as a public benefit, the business tax became a dead issue and money already paid in was refunded.

#### Amend Ordinance

Recently the ordinance was amended and again passed by the village board and the money is being used for another purpose, to pay a night watchman. Many of the business interests object to the tax unless an ornamental lighting system is to be installed with the funds so assessed.

While candidates on the People's party have made no printed announcement of their platform, it is generally understood that they are satisfied to let the voters approve or disapprove of their records as aldermen at the village election next Tuesday, April 17.

The Independent candidates are Nason E. Sibley, William J. Christian and Frank R. King, all for village trustees, no candidate for village clerk or treasurer appearing on the ballot.

The People's candidates are Harry A. Isaacs, for clerk, William A. Rosburg, for treasurer, and Eugene O. Hawkins, Roy L. Murrie and Herbert J. Vos, for village trustees.

### CHURCHES OBSERVE EASTER SUNDAY IN SPECIAL PROGRAMS

Despite a raw wind with flurries of snow the Antioch church services were well attended Easter Sunday.

#### Methodist Episcopal Church

A crowd filling the auditorium and Sunday School room of the newly decorated church attended the morning service.

The altar was beautifully banked with palms, lilies and other flowers presented by friends of the church and furnished by Mr. Pollock. Clarence Shultz sang "Jesus Lover of My Soul" by Campion, followed by the "Gloria From the 13th Mass" by the augmented choir of well trained voices under the direction of S. E. Pollock. Mrs. Nellie Heald Tarnow rendered "The First Easter Morn" and Mrs. W. F. Ziegler presided at the organ. Too much praise cannot be given the choir and director for the music they have so ably rendered in connection with the Good Friday and Easter program—planned weeks ago and calling for faithfulness to practice by all members, sometimes under adverse conditions.

The sermon topic "Easter Service and Hope" by Rev. A. M. Kral was a beautiful and impressive presentation of the Easter story, the story that ever grows dearer with repetition. The church itself with its colored glass windows aglow with the morning sunlight was a mute symbol of the glory of resurrection in the transformation that has been wrought within its walls.

The evening service was a Dedication Service in memory of Miss Lillian Fairman who made it possible

### Wins Glorious Victory

LOUIS LINCOLN EMMERSON

Born in Albion, Illinois, 1896, educated in public schools there; entered mercantile business in Mount Vernon at age of 21; appointed cashier of Third National Bank there, which he now heads. Entered politics as precinct worker, became chairman of Jefferson County Republican central committee, and later member of state central committee. For twelve years served as chairman of the Twenty-third Congressional District, member state board of equalization, board of southern Illinois prison. Elected secretary of state in 1916, re-elected in 1920, again in 1924. Married and has two married daughters. "It was a glorious victory and I am very happy," Mr. Emmerson said at his home in Mt. Vernon, expressing his thanks to the people of Illinois for the tremendous majorities they gave him in the primaries Tuesday. I want to say to the people of Illinois that I will redeem their confidence by giving them four years of efficient, economical and businesslike government of the affairs of this state. "It was a clearcut victory won by the people for the people."

The installation of the new lighting system in the church. The anthem "Fling Wide The Gates" was sung by the choir and the duet "Thy Will Be Done" was rendered by Mrs. Homer Gaston and Mrs. Nellie Heald Tarnow. After the responsive reading, so appropriate to the occasion, the Memorial tablet in the rear of the church was unveiled.

#### St. Ignace's Episcopal Church

Services at this church began at 7:30 in the morning with the Easter Communion. Rev. H. L. Wise of Long Lake acted as celebrant. At ten o'clock the Easter Egg hunt was held for the children under the direction of Miss Bernice Fairbrick of the Primary department and Mrs. Russell Keulman of the Beginners class. The hunt, usually held on the church grounds was given in the parish house on account of the disagreeable weather. The main service was at eleven o'clock when the choir led the Sung Eucharist. Miss Louise Simons sang the offertory solo followed by the sermon, "The Fact of Immortality" by the pastor Rev. J. Humphrey Dixon. One of the most beautiful and impressive services of the day came at five o'clock when the flower vesper service was held, and the presentation of the mite boxes by the children of the church. The offering in the mite boxes represented the saying of the children during the forty days of the Lent season and which will go to the Foreign Mission to help forward the good work they are doing. Mr. Don Gury spoke on "Young People and Easter." Baptismal ceremonies followed and two were received into the church.

### STRATTON GETS GREATEST LAKE COUNTY VOTE

#### Majority of 425,000 Is Polled by Anti-Small Forces in Landslide

(ELECTION DETAILS ON PAGE 7)

Winning on a landslide basis of almost two to one, Louis L. Emmerson and his slate of candidates were victors at the Primaries Tuesday. Local interest centered chiefly around the candidacy of Mr. Emmerson and William J. Stratton, who resigned from the cabinet of Len Small, to run for the Republican nomination for secretary of state. Emmerson won in Lake county two to one, and Stratton was given the greatest endorsement ever accorded a candidate in Lake county.

With but a few exceptions this ticket carried every precinct in the county. The only real exceptions came in Zion where the Voliva faction voted solidly for Gov. Small but followed on the Emmerson ticket of Stratton, Otto Glenn, for U. S. Senator, and Oscar Carlstrom for attorney general.

#### Had Expected Fight

Small adherents had confidently expected to give the Emmerson slate a hot fight in the county. Most of them believed that the governor would carry.

Judge Floyd Thompson, democratic nominee, made little showing in the county as most of the democrats voted the Republican ticket.

The repudiation of the Small administration in the present primary is more emphatic than the one that featured the state campaign four years ago. Lake county then went against Small, even though a weaker candidate than Emmerson was pitted against the governor. This year the statewide revolt against the political machine that has strangled the public offices for eight years was as strong outside of the county as it was inside, making it possible for the anti-Small slate to roll up a majority of over 400,000.

A. N. Tiffany, of precinct one, and Chase Webb, committeeman of Antioch two, were both returned to office by very substantial votes.

### MUCH INTEREST IN SCHOOL ELECTIONS

Much interest is centering around the Antioch high school election to be held here Saturday afternoon, when two members of the board of education are to be elected for full term. Candidates are Fred Hawkins, D. H. Sablin and Mrs. Edna Warriner.

Mr. Sablin is now serving the board as secretary and has been in office for a number of years. Other members are Frank Kennedy, A. N. Tiffany and Arthur Simpson, former board member who was foreman for many years at the J. K. Dering estate, has moved to Wisconsin, so his office becomes vacant.

Since the organization of the district twelve years ago, candidates have been selected from all parts of the high school district with the object of securing representation for all tax payers within the district. It is a fact that more than two-thirds of taxes that support the local school are paid by farmers, according to board members.

#### Grade School to Elect Three

A president and two board members are to be elected Saturday afternoon at the grade school election. S. E. Pollock is now serving his second term as president. He is a candidate for reelection. The term of Lee Strang, director, also expires this year, as does that of Mrs. Mary Maplethorpe, who has served the board as secretary for the past three years. Both have given very efficient service as board members.

## LAKE VILLA PLAY BRINGS \$250 TO LOCAL SOCIETY

### Mother's Club Will Give A Mother-Daughter Banquet.

"The Womanless Wedding" put on two evenings last week by our Ladies Aid was played to a full house each night, and the ladies wish to thank each one who helped in any way to make it a success. ## Our Panama Canal and The Bell Telephone

AMERICANS point with pride to the Panama Canal as one of the great engineering achievements of all time—and they are quite entitled to do so.

The Panama Canal cost \$375,000,000. This is a vast sum, but is not as great as the amount which will be spent this year alone by the Bell Telephone System for new plant and equipment.

The total investment in the Bell Telephone System is now more than three billions of dollars. It took forty-one years after the telephone was invented to build up the first billion dollars in Bell System plant investment. The second billion was added only six years later and it required only four years more to add the third billion. At the present rate of increase the fourth billion will be added in less than three years. These figures indicate the tremendous forward strides being made in telephony. They show as nothing else could the way in which the Bell System is meeting its obligation to the American people to give them the best and most complete telephone service possible.

## Millions of Model T Fords are still in active service

FOR nearly twenty years, the Model T Ford led the motor industry and it still is used by more people than any other automobile. More than eight million Model T Fords are in active service today—an indication of their sturdy worth, reliability and economy.

Because of the tremendous investment which people have in these cars and because so many of them will be driven for two, three, and even five more years, the Ford Motor Company will continue to make replacement parts until, as Henry Ford himself says, "the last Model T is off the road."

For the Ford Motor Company has always believed that its full duty consists not only in making a good automobile at a low price, but also in keeping it running efficiently for you as long as possible at a minimum of expense.

No matter where you live, therefore, you can still buy Model T Ford parts with the same assurance as formerly, knowing that they will give you the kind of service you have a right to expect, and at the same time protect the money you have invested in your car.

All Ford replacement parts, as you may know, are made of the same materials and in the same way as those from which your car was originally assembled, and are low in price because of the established Ford policy.

So that you may get the greatest use from your Model T Ford over the longest period of time, we suggest that you take the car to the nearest Ford dealer and have him estimate on the cost of any replacement parts which may be necessary. You may find that a very small expenditure will maintain the value of your car and will be the means of giving you thousands of miles of additional service.

The Blue Willow Inne has once again become the Antioch Hotel under the management of Mr. and Mrs. S. C. Brain of Milwaukee who took formal possession of the hotel the first day of April. The hotel was also known as the Antioch Hotel when Mr. and Mrs. Chas. Viegut, now of Newhall, California, had charge of the place, but when Mr. and Mrs. MeManna took possession they renamed it the Blue Willow Inne, this being a name registered as their own, and went under that name until this month when the property was leased to Mr. Brain. It has enjoyed prosperity and popularity, their chicken dinners being in demand by Antioch residents as well as people from other cities.

Mrs. Brain stated to the writer that they had served many guests this week and were planning to serve a number of dinners for local people who will be entertaining with luncheons and dinners during the coming two weeks.

Mrs. Kate Brahm of Racine spent the week end with Mrs. Mary Hegeman.

Mrs. Nick Baker who has been spending the winter in Chicago returned to Antioch today for the summer.

Salem Woman Hurt  
in Auto Collision  
on Camp Lake Road

Were Returning Home From Antioch After Day's Visit.

In turning off the Antioch road to Camp Lake road and failing to signal their intention caused the collision of the car occupied by Mrs. John Gagin and Mrs. Sauerbacker of near Salem, and a car from Chicago. Monday afternoon as they were returning home after a day's visit in Antioch. Both women were considerably bruised and were out by flying glass. The car was almost demolished and it is only a miracle that saved the women from death.

The occupants of the Buick sedan that hit them were held for questioning but were soon released to continue their journey. They will be subject to subpoena at any time. The accident occurred at Brown's corner between Salem and Liberty corners. Dr. Warriner of Antioch was called to the scene of the collision and attended the injured women.

A STATEMENT OF FACTS  
REGARDING SCHOOL TAXES

To The Taxpayers

It was not my intention to bring personalities into my candidacy for membership of the High School Board of the Antioch High School, but since many stories regarding my "extravagances" have been circulated during the last few days I am forced to defend myself.

For the past seven years I have been a member of the Board of Education of District No. 34 (Antioch Grade School). I believe that my record would go unchallenged for the careful handling of public funds. A few weeks ago we asked the voters for a \$45,000.00 bond issue in order to build a unit of a new school to supplement the present building which was erected thirty-five years ago, and which is entirely too small for our present needs. The value of District No. 34 is \$1,262,477.00, and by taxing the rate of \$1.35 which you have been paying for the past several years, yielding an annual income of \$17,243.00, we propose to retire our bonds as they come due, pay our interest, maintain our staff of highly qualified teachers, in fact "carry on" our school with no additional expense to the taxpayer.

But what of the High School? We voted a \$25,000.00 bond issue for an addition and yet that did not seem sufficient. The town is flooded with anticipation, warrants and instead of our tax this spring not exceeding \$1.35, THE LEGAL LIMIT prescribed by law (The School Law of Illinois, page 20, circular No. 220, and verified by a letter from the Hon. Francis T. Blair, Supt. of Public Instruction, dated April 6, 1928), we were TAXED \$1.59. The valuation of the High School District is \$3,692,897.00, and this year the board asked a levy of \$5.62 cts. In addition, figuring on a basis of last year's report they will receive approximately \$11,000.00 from Federal aid and tuition.

When the whole country, realizing the nation's dependency on the agricultural industry, is working for Farm Relief it is fair to tax the farmer explanation of a considerable portion of the rise in their taxes—it is not the school.

As one business man expresses the situation, "We need to houseclean down there."

Sincerely,  
EDNA McVEY WARRINER.

## ANTIOCH HIGH WINS THIRD HONORS IN FIRST TRACK MEET

A team composed of boys who had little or no training, entered a quadrangular track meet at Libertyville April 11. The contestants were Antioch, Libertyville, Barrington and Warren.

Libertyville won first place, Barrington second and Antioch third. Antioch has no track so was handicapped but made a splendid showing. Spicer took first in the discus throwing, throwing it over a hundred feet, tied for second in the high jump, and fourth in the javelin. Bernolito took a first in high jump, stopping at 5 feet, 3 inches and could have gone higher. He also took third in the 220 low hurdles. Van Patten took first in the broad jump making a leap of 18 feet, 5 inches. A first in the 147 yard dash and would likely have taken the 550 yard run if he had not been spiked, forcing him out of the race. Gaston got a third in the 50 yard and the 220 yard dashes. Lonie Benman came in fourth and Folbrick fifth in the mile.

Spring Practice Has Begun  
Antioch Township club path artists have begun to scour the rust from the spokes of their shoes and to prance at intervals into the open in their abbreviated uniforms. Spring cannot be far distant.

Prospects are good. Several promising dash men are starting to train intensively and should get results. Among these are Gaston, Mitchell and the Benman twins. There is an abundance of distance and middle distance men. Folbrick and Van Patten are the seasoned ones appearing while Wetzel, Martin, Kennedy and Daizel are enthusiastic aspirants and should come forth with some firsts. The field events have the most experienced men of all and from them is expected a walk away with several firsts. They should establish some new conference records. The well known names of Spicer, Steininger, Bernolito and Kraft appear as entrants for these events.

## INSTALLATION OF LEGION OFFICERS HELD WEDNESDAY

Waukegan Chapter Assists In Installation and Initiation.

Wednesday evening marked the first installation of officers of the Legion Auxiliary. This organization was formed in December of last year, officers were elected at that time but the charter granted did not arrive until recently, thus delaying the business of formal installation. The Waukegan chapter came over with a copy of officers and assisted in putting on the work. Ten initiates were taken into the chapter also. The incoming officers furnished the refreshments for the evening and the color scheme was carried out in red, white and blue, with blue and white candles in red holders and centerpiece of American flags. ## DECORATORS FINISH WORK ON METHODIST CHURCH THIS WEEK

Now Most Beautiful Church Of Its Size In Lake County.

Antioch may well renew her boast of having the most beautiful church of its size in Lake county. When the present structure was first built it easily held first place because of the colored glass windows, but now at the hands of experienced church decorators it has another asset of which the whole community may well be proud, regardless of what church affiliation they claim. Mr. Peters, the man in charge of the workmen is a graduate of Chicago University and the Art Institute and during the war while stationed in France spent a great deal of time studying the cathedral architecture throughout Europe with the result that he has an astonishing knowledge of church symbolism.

The general effect within the church is a rich old Roman gold achieved by building up the colors on a special prepared surface of aluminum metallic paint. The ceiling is of opalescent colorings with the Cross in Clouds in correct biblical colors, connected with proper lines to give that something which lifts one into the very presence of the Absolute. From the edge of the ceiling hang rich frozies, drooping gently from the corners, while a rich mosaic border displaying church symbols extend around the church above the choir rail.

Biblical coloring is an art little understood. The blue signifies Heaven, Truth, Constancy, Faithfulness and Charity. Red is the second of the liturgical colors, the symbol of love of the church for the Redeemer, and the Holy Ghost, gold symbolizes Kingliness, our Lord's kindly office. In the symbolism displayed we find the circle for eternity, completeness, perfection and when interwoven with the cross stands for eternal nature of the Holy Trinity. The diamond symbolizes the four cardinal virtues, justice, prudence, temperance and fortitude. The quarterfoil already used on the pews is carried over into the wall figures representing the four major prophets and the four evangelists. The Trefol seen so frequently is symbolic of the Trinity. There is no end to the meaning of the various crosses. It is generally understood to mean finished redemption, the Passion, Faith, the Atonement and the Resurrection and when interwoven with the diamonds it is symbolic of the four last things, death, Judgment, heaven and hell.

The casual visitor to the church will not see the beauty of the colors in one setting nor will the symbolism be appreciated, but under the tutelage of a skilled artist these may be readily found. Rev. Krah who has watched the work as it progressed has learned some of the artist's secret and has promised to set aside some future service to the setting of symbolism that all may see.

No small part of the beauty of the church is played by the Fairman Memorial lighting fixtures, made especially for the local church by the Boardlee Chandelier Co. of Providence Rhode Island. They are of the Gothic type following the lines of the church, made of rich Swedish iron with lantern hanger and candle arbors offering twice the light formerly had. The fixture in the Sunday School room is identical of the main fixture but on a smaller type, being about 20 inches high and across. Other lights noticed were in the classrooms, front and side vestibules, on pulpit and organ making a very complete system.

## WAUKEGAN SUN IS MADE DEFENDANT IN \$250,000 LIBEL SUIT

(Continued from first page)

for \$250,000.

Charging libel, Judge Chas. C. Edwards Monday evening started suit in circuit court for a quarter million dollars damage against William J. Smith and Frank G. Smith, owners of the Waukegan Daily Sun, Wayne T. Stupey, city editor, and the Lake County Publishing and Printing company. The praecipe was filed by Judge Edwards acting as his own counsel. Another attorney will be associated with him in the trial of the case, the Lake county jurist stated.

Persecuted for Fourteen Years

Judge Edwards claims to have been persecuted by Sun editors for the

past thirteen or fourteen years, and that many libelous articles have been published about him in the Sun during the past few days. Since a judgment for \$170,000 was entered against the Sun publishing concern in 1915 by Judge Edwards, the Sun editors have shown animosity toward him, the Judge states.

Indicted for Embezzlement

It will be recalled that a Lake county grand jury in 1915 returned an indictment against William J. Smith, editor of the Daily Sun for embezzlement of county money, also that a civil suit for \$170,000 was started against the Sun and the Libertyville Independent for overcharges on printing county delinquent tax lists. Before found guilty of the charge, a judgment was entered against the papers for the amount named.
